

# Animal Run Game

Materials: Stuffed animals, lego or small toy animals, and/or pictures of different animals (page 2!)

Setup: Spread the animals around the room/garden/playground.

Music on: Start a cheerful children's song (here's a Spanish folk-song for those learning Spanish!

[https://youtu.be/1GisWT\\_rlDw](https://youtu.be/1GisWT_rlDw)).

Call out: While the music is playing, shout out an animal and a movement—all the kids must run/jump/crawl as fast as they can to the matching animal!

Extra Tip: Let the kids take turns calling out the animals too – it boosts their confidence and gets them talking in your target language!
