

Fly your rocket through el espacio!

Instructions: Cut out the rocket, vocabulary cards, and hint cards. Lay out the picture cards face up (perhaps on a black background!) The parent holds the hint cards and asks their child to fly to, “**Vuela hasta...**” (*BVEH-lah AHS-tah*), and reads one of the hints. Ex: “**Vuela hasta...un planeta azul y verde.**” The student then pilots their rocket through space to the right card, saying the name when they arrive!

Mercurio

Estrellas

La Tierra

Marte

Hint: Un planeta
pequeno y gris

*oon plah-NEH-tah peh-
KEH-nyoh ee grees*
